

CITRUS STRIP

DESCRIPTION: SS Citrus Strip is a concentrated, water soluble, citrus based detergent/degreaser. SS Citrus Strip is formulated using natural citrus products in conjunction with solvents, surfactants, emulsifiers, water miscible organic solvents and rinse additives. Powerful organic, biodegradable, solvents are specially blended to outperform most conventional petroleum based solvents plus have the advantage of being water dilutable.

BENEFITS: SS Citrus Strip is formulated for use as a heavy duty cleaner. It is ideal for use as stripper for removal of oil or solvent based sealers and coatings where water based detergents fail. This product will remove most resins, adhesives, printing inks, decals, dirt, soil, and most petroleum based substances such as tar, asphalt, grease, oil, and even rubber tire marks.

DIRECTIONS: When mixing with water, always allow time for a uniform emulsion to be formed as evidenced by a milky white changing of color. For most stripping applications apply product undiluted by spraying or wiping onto surface. Brush or agitate if required and repeat as necessary. For medium duty surface cleaning dilute with 5 to 10 ounces of water per gallon. When SS Citrus Strip has softened, use a power washer and a buffer with a scrubbing pad or a stiff bristle broom to scrub the surface clean. Note: This product may soften or damage certain sensitive paints and plastics.

CAUTION: Contains Glycol Ether EB. Combustible liquid. Use only in a well ventilated area. Do not smoke in use area. Do not use near heat, sparks, open flame or other sources of ignition. Eye and skin irritant. Avoid contact with eyes and prolonged contact with skin. In case of eye contact, flush with water for 15 minutes, then get prompt medical attention. Keep container sealed when not in use. KEEP OUT OF REACH OF CHILDREN.

SPILL OR LEAKAGE PROCEDURES: Absorb on inert material and collect in suitable containers for disposal. Once diluted with 20 parts water SS Citrus Strip maybe flushed down storm or sanitary sewers. Dispose according to all local, state, and federal regulations.

HMIS RATING: Health – 2, Flammability – 2, Reactivity – 0, Personal Protection – B

YIELDS: Approximately 150 – 200 square feet per gallon depending on usage.
