

GET-A-GRIP

DESCRIPTION: SS Get-a-grip is a non-hazardous anti-slip additive for all coatings. SS Get-a-grip has excellent suspension properties, especially when mixed into sealer.

BENEFITS: SS Get-a-grip is an easy to use, environmentally safe product. The round spherical shape of SS Get-a-grip allows for longer durability and easy clean up.

DIRECTIONS: Add one bottle of SS Get-a-grip to 5 gallons of sealer for a light anti-slip surface. Add two bottles for a heavy anti-slip surface.

CAUTION: Keep out of reach of children.
